

TAMA / SP

3rd Quarter Membership Meeting

September 8, 2011

Suppliers Partnership for the Environment (SP)

Introduction to SP

Randy Leslie, Johnson Controls, SP Chair
Russell Brynolf, FTS Technologies, SP Vice Chair

September 8, 2011

What is SP?

Vision:

Association of automobile OEMs and their suppliers working in collaboration with the US EPA and other governmental entities to identify and implement creative projects and programs that will advance environmental sustainability while providing economic value to the automotive supply chain through strategic action and engagement.

Mission:

SP provides a forum for small, mid-sized and large automotive and vehicle suppliers to work with automobile OEMs to learn from each other and share environmental best practices while also providing economic value throughout the supply chain.

2011 SP Members / Liaisons

SP Work Groups

- **Chemical Issues**
- **Energy and Water**
- **Materials Efficiency**
- **Technology and Networking**

Value of SP Membership

- Provides a common auto sector approach to greening the supply chain.
- Provides a forum for companies to work together to share “good practices”.
- Supports four member led workgroups that address issues identified by the membership.
- Quarterly meetings of SP provide opportunities for members to network, to learn about issues and activities impacting the environment and the automobile supply chain and identify areas for action by SP.
- SP is constantly working to identify new, innovative and more environmentally sustainable ways to enhance the viability and competitiveness of the automotive industry supply chain.

CEC North American Auto Supply Chain Project

- SP is working with representatives in US, Canada and Mexico on a Commission for Environmental Cooperation (CEC) sponsored project to **“Improve the economic and environmental performance of the North American Automotive Industry Supply Chain”**.
- Re-engages key automotive companies for the development and implementation of green supply-chain programs across North America.
- Supports the organization and expansion of SP-like activities in Canada and Mexico in 2011-2012 and establishes a forum for tri-national collaboration on greening the automotive supply chain.

2011 SP Leadership
