

2018 Automotive IMDS *and* CAMDS Workshop

April 17, 2018 - Suburban Collection Showplace NOVI, MICHIGAN

Purpose

- To facilitate communication between the OEMs and the North American automotive supply chain and answer: **“What Does my Customer want from me in IMDS and CAMDS Reporting?”**
- To provide specific hands-on technical training on how to fulfill these OEM requirements with a minimum amount of confusion, delays and **avoid IMDS and CAMDS resubmissions** due to differing OEMs requirements.
- To provide a forum for dialogue amongst the OEMs and suppliers regarding how IMDS and CAMDS reporting can be further streamlined and requirements and expectations harmonized across the supply chain.
- To address ways of efficiently (and legally) reporting material content to non-automotive customers for which IMDS or CAMDS may not be appropriate tools.
- To answer the question: **“What’s coming next?”** What OEMs are changing their requirements soon? What upcoming changes within the IMDS system itself will affect your reporting? What new global regulations affecting IMDS reporting are on the horizon?

Why Should I Attend?

- One free IMDS Training Server License will be provided for your use during the day, in order for you to have a hands-on learning experience. Bring your laptop as a high-speed wireless connection to IMDS will also be provided all day long!
- OEMs will each discuss their specific IMDS and CAMDS requirements and will be accompanied by an experienced IMDS/CAMDS trainer who will walk you through exactly how to avoid the most common rejections for that OEM, and how to correct any rejections you do receive.
- Each OEM will allocate 10 min at the end of their session to field your questions about how to successfully submit data to them. Questions can also be submitted anonymously. Answers to questions not addressed will afterwards be posted online for event attendees.
- If you have more than one OEM end customer, you will find the final session particularly useful as we will map out a process for planning your IMDS data submissions so that you can use the same datasheets to submit to all OEMs rather than having to do multiple submissions customized for each OEM’s requirements.
- We will also show how you can possibly use the same material content data to report to non-automotive clients and avoid yet another redundant inefficiency.

Agenda

8:15 am – 8:30 Introduction to OEM Management and their OEM IMDS Teams

8:30 – 11:40 Three of the four OEMs will present IMDS and CAMDS requirements. Each has a 20 minute presentation, 20 minute technical demo and 10 minute Q&A session.

EVENT DESCRIPTION

Automotive OEMs will describe their IMDS and CAMDS requirements and obtain feedback from suppliers regarding submission issues and concerns. Attendees will obtain valuable hands-on information that will result in minimizing future rejections. **See other side for full agenda.**
Note: Standard IMDS training or proficiency with the IMDS system is recommended. A Standard training session is scheduled for Monday April 16, 2018 at Suburban Collection Showplace in Novi, MI for those requiring an introduction and/or refresher to IMDS prior to attending the workshop.

REGISTRATION OPTIONS

- Complete and return this form
- E-mail imds@tetratech.com or call 734-213-5078
- On-line <https://imdsworkshop.eventbrite.com> (accepts on-line payments)
- On-line <https://public.mdssystem.com/en/web/imds-public-pages/registration> (select Training Type: IMDS Workshop)

CANCELLATION POLICY

There is no fee for cancellations, if canceling before April 10, 2018. You may send a substitute any time. However, we request that you inform us of the change. If you cannot attend and do not cancel, reschedule, or send a substitute, you are responsible for payment of the full registration fee. Submission of this form is considered acceptance of these terms and conditions.

LOW ENROLLMENT CANCELLATION

Tetra Tech reserves the right to cancel a session due to low enrollment. You will be notified of the cancellation 7 business days prior to the scheduled class date and will be provided alternative dates.

PAYMENT

Check or credit card is required prior to the event (Please refer to "Payment Due By" date above.) All prices are in USD. If payment is received after the due date, Tetra Tech reserves the right to charge the next highest Registration Type.

The registration fee includes: four weeks access to the IMDS training server, lunch, and networking reception.

Note: Should credit card be used for payment, the cardholder will be charged an additional 3% to cover the bank mandatory processing fee. We do not accept purchase orders for trainings.

Check: To pay by check, please complete this section and make checks payable: **Tetra Tech, Inc.** The invoice will be forwarded with your confirmation. Checks are to be received in our office (attention: Accounting-IMDS Training) within 10 business days of the session. Please allow ample time for delivery.

Send Invoice to (Name) _____ Phone _____
