

SUPPLIERS PARTNERSHIP FOR THE ENVIRONMENT

2nd Quarter Meeting

May 9-10, 2018

FCA US LLC

ANTITRUST GUIDELINES

SP meetings and discussions are, in general, to be industry-promotion, industry-issue, industry-development or technically oriented. Subject to the above and the advice of SP legal counsel, discussions may generally cover industry product developments on a generic basis, advancing “technical know-how,” improving productivity and efficiency, historical market data on a general (i.e. non-specific company) basis, and regulatory or legal industry-wide issues, policies of federal and state law enforcement bodies, and federal or state laws or pending legislation important to industry.

In view of antitrust considerations (both civil and criminal) and to avoid any possible restraints of competition, the following legally sensitive subjects as to a given company or its competitors must be avoided during any discussion between competitors:

- (a) Future marketing plans of individual competitors should not be discussed between competitors;
- (b) Any complaints or business plans relating to specific customers, specific suppliers, specific geographic markets or specific products, should not be discussed between competitors; agreements between competitors to allocate markets (customers or products) are illegal under antitrust laws; agreements between competitors to refuse to deal with a supplier or a customer are illegal under antitrust laws;
- (c) Purchasing plans or bidding plans should not be discussed (except privately between two parties with a vertical commercial relationship such as supplier and customer);
- (d) Current and future price information and pricing plans, bidding plans, refund or rebate plans, discount plans, credit plans, specific product costs, profit margin information and terms of sale should not be discussed between competitors. All of the above are elements of competition; and
- (e) Any question regarding the legality of a discussion topic or business practice should be brought to the attention of SP legal counsel or a company’s individual legal counsel for legal advice.

WELCOME NEW MEMBERS

Battery Solutions Tour

Suppliers Partnership for the Environment (SP) and Responsible Battery Coalition (RBC) are leading a collaborative project to establish a baseline assessment of the current landscape of end-of-life (EOL) management for all types of lithium-ion batteries used in vehicles and to identify opportunities for the North American automotive industry to advance responsible management of such technologies.

Project Timeline

- *Kickoff Project - January 31, 2018*
- *Develop and Finalize Survey – March 2018*
- *Survey SP / RBC Members – April 2018*
- **Draft Executive Summary for Participants Review/Comment – by June 29**
- **Evaluate Findings and Determine Next Steps – Q3 2018**

- Forum designed to facilitate smaller group in-depth peer discussion on priority EHS topics identified by the participants.
 - Topics covered have included Culture, Data Management, Employee Engagement, Making Business Case, Emerging Technologies, Materials Marketing
- Next Forum meeting scheduled for afternoon of July 17 in Montreal.
 - Seeking member input to identify and prioritize agenda items. May include employee engagement, finding solutions for hard to recycle materials, or other issues.

SP MANUFACTURE 2030 CHANNEL

SUPPLIERS PARTNERSHIP
FOR THE ENVIRONMENT™

The screenshot shows the website for the Suppliers Partnership for the Environment (SP) Manufacture 2030 Channel. The header includes the 'MANUFACTURE 2030' logo, navigation links for Home, Find, Create, Members, and Events, and a user profile section for Communities with a notification bell. The main banner features a worker in a blue uniform and yellow safety vest, with the text 'SUPPLIERS PARTNERSHIP FOR THE ENVIRONMENT Channel Part of Manufacture 2030' and a 'Find out more' button. Below the banner are three main sections: 'WHERE TO START' (teal) with a 'Find out more!' button, 'START EXPLORING' (green) with a search bar, and 'ASK & SHARE' (red) with a 'Start a conversation' button. The bottom row shows a 'Welcome!' message in a blue box, a post titled 'Can you help answer?' about light-weighting of cars with 1 like, and a post titled 'America'.
