

The Suppliers Partnership for the Environment (SP) – an industry sustainability leadership forum representing global automakers and their tiered suppliers – is offering a limited number of sponsorship opportunities for its 2022 Innovation Summit scheduled on July 27-28, 2022 in Columbus, Ohio.

Sponsorship provides an excellent opportunity for exposure to senior-level leaders from the automotive industry and supply chain, and to demonstrate your company's support of this important event focused on driving innovation to further improve the sustainability of the automotive industry.
