

# SUPPLIERS PARTNERSHIP FOR THE ENVIRONMENT

The Suppliers Partnership for the Environment (SP) provides a leadership forum for global automotive manufacturers, their large and small suppliers, the US EPA and other government entities from around the world to work together toward a shared vision of an automotive industry with positive environmental impact.

## SP's FOCUS ISSUES

### SUSTAINABLE OPERATIONS

Striving to transform automotive manufacturing operations to achieve positive environmental impact through minimizing resource use, optimizing efficiency and advancing innovation.

### SUSTAINABLE MATERIALS

Striving to eliminate waste and optimize use of sustainable materials in automotive operations, packaging and products.

### SUSTAINABLE SUPPLIERS

Striving to help automotive suppliers minimize their environmental impact and advance sustainable innovations at scale through sharing of environmental best practices, tools and resources.

As our members work toward the next generation of ambitious environmental sustainability goals, SP is facilitating industry dialogue and action on common definitions, tools, and resources for measuring and advancing progress on environmental sustainability ambitions across the automotive value chain.

# SUPPLIERS PARTNERSHIP FOR THE ENVIRONMENT

## WHO WE ARE

---

Since 2002, Suppliers Partnership for the Environment (SP) has been the leadership forum for global automotive manufacturers, their large and small suppliers, the US EPA and other government entities from around the world to work together to improve the environmental sustainability and business value of the global automotive supply chain. [SP's members](#) represent organizations from across the automotive value chain, including leading global automakers, such as Ford, General Motors, Honda, Stellantis, Toyota Motor, and their key suppliers.

## WHAT WE DO

---

SP member companies from across the automotive industry are leading action on the next generation of ambitious environmental sustainability goals aspiring to advance positive environmental, economic and community impacts through their operations and value chains.

As members of SP, these industry leaders are coming together to work toward a shared vision of an automotive industry with positive environmental impact. SP's member-driven [working groups](#) facilitate best practice sharing and support increased industry collaboration related to short-term environmental sustainability needs and priorities, while promoting further alignment and action in support of long-term industry goals.

## WHAT HAVE WE ACCOMPLISHED

---

As environmental expectations and priorities continue to evolve and expand, SP has established itself as a leading platform to facilitate industry dialogue and action on common [definitions, tools, and resources](#) for measuring and advancing progress on automotive environmental sustainability ambitions.

SP has successfully facilitated a wide range of industry-driven projects to establish common definitions and frameworks to drive action across the supply chain in support of key environmental goals in areas such as [carbon neutrality](#), [EV battery lifecycle management](#), [sustainable materials, packaging and zero waste](#).

## WHERE ARE WE GOING

---

As SP works toward its vision of positive environmental impact, we continue to expand the number of activities under our umbrella by investing in new programs addressing emerging challenges and opportunities in areas such as, water stewardship, nature-based solutions, and ESG leadership.

As each new program is established, SP is providing a unique collaborative forum for the industry to build on the shared foundations that have been developed and to help all members to amplify and accelerate their progress in support of the industry's environmental sustainability priorities.

## JOIN US

---

We welcome companies in the automotive value chain to [join us](#) in our mission to improve the environmental sustainability of the automotive industry. Please contact SP's Director Kellen Mahoney ([kmahoney@navista.net](mailto:kmahoney@navista.net)) to learn more about membership opportunities for your company
